

# Marble slabs & tiles

Worked natural marble slabs and tiles for interior and architectural applications. Agree colour range, veining, finish, thickness and any resin or mesh backing. This reference assumes worked stone, beyond simply sawn surfaces.

Reference: MGT-SPEC-090 | Category: Granites & Marbles

|                                    |                                                                                                                                               |
|------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Variety / grade / form</b>      | Polished / honed finishes; dimensions and selection by agreement                                                                              |
| <b>HS / HSN reference</b>          | 680291 (indicative international six-digit code)                                                                                              |
| <b>Origin</b>                      | India; exact source and origin documentation to be confirmed.                                                                                 |
| <b>Quality parameters to agree</b> | Stone identity, colour range, veining, dimensions, thickness tolerance, finish, defects and disclosed treatments or backing.                  |
| <b>Packaging</b>                   | Protective crates or engineered frames; slab support, edge protection, net/gross weight and lifting points by agreement.                      |
| <b>Storage / handling</b>          | Keep secured against movement. Confirm mechanical lifting, load distribution, payload limits and safe handling with the supplier and carrier. |
| <b>Documentation</b>               | Agreed specification, approved selection, packing list, origin documents and applicable testing or packaging-treatment documentation.         |
| <b>Minimum order quantity</b>      | Confirmed on enquiry for the exact product and destination.                                                                                   |
| <b>Availability / lead time</b>    | Confirmed after specification, sourcing and logistics review.                                                                                 |
| <b>Samples / inspection</b>        | Requirements, scope, cost and timing to be agreed before the order.                                                                           |

## Before placing an order

This is an indicative product specification guide for discussion, not a batch certificate, certificate of analysis, price quotation or guarantee of stock. Final limits, testing, packaging, delivery terms and price must be agreed in writing. Verify the full national tariff item and current destination requirements for the exact product before shipment.
